Also, unpaid purchase orders included in the balance of accounts payable were reviewed for propriety and to determine that goods were received and services were rendered, as of June 30.

Classification of Expenditures

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23-2.2(f) as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23-8.2. Elementary and Secondary Education Act (E.S.E.A.)/Improving America's Schools Act (IASA) as Reauthorized by the No Child Left Behind Act of 2001

The financial exhibits are contained within the Special Revenue section of the CAFR. This section of the CAFR documents the financial position pertaining to projects under Title I, Title II and Title III of the Elementary and Secondary Education Act as amended.

Our examination indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

Other Special Federal and/or State Projects

The district's Special Projects were approved as listed on Exhibit K-3 and Exhibit K-4 located in the CAFR.

Our examination indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

The financial exhibits contained herein represent a true statement of the financial position pertaining to the aforementioned special projects.

- **Finding** – We noted certain 2014/2015 federal grant program funds in the amount of \$91,875 that were released from the District's available funds for carryover as a result of the District's failure to expend program funds within the allowable grant period.

Recommendation – Greater care be exercised in the monitoring of available federal grant funds to ensure program funds are expended in the allowable grant period.

T.P.A.F. Reimbursements

Our audit procedures included a test of the semi-monthly reimbursement forms filed with the Department of Education for district employees who are members of the Teachers Pension and Annuity Fund. No exceptions were noted.

T.P.A.F Reimbursement to the State for Federal Salary Expenditures

The amount of expenditure charged to the current year's Final Report for all federal awards for the school district to reimburse the State for the TPAF/FICA payments made by the State on-behalf of the school district for those employees whose salaries are identified as being paid from federal funds was made prior to the end of the 60 day grant liquidation period required by the Office of Grants Management. The expenditure was reviewed subsequent to the reimbursement and no exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

Effective July 1, 2010 and thereafter, the bid thresholds in accordance with N.J.S.A. 18A:18A-2 (as amended) and 18A:18A-3(a) are \$36,000 (with a Qualified Purchasing Agent) and \$26,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under N.J.S.A. 18A:39-3 is currently \$18,300. The Board has designated the School Business Administrator as the qualified purchasing agent for the District.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Board Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of my examination indicated that no individual payments, contracts, or agreements were made for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 18A:18A-4, as amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. Our examination did reveal, however, that purchases were made through the use of State contracts.

School Food Service

The financial transactions and statistical records of the school food services were maintained in satisfactory condition. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis.

The number of meals claimed for reimbursement was verified against sales and meal count records. As part of the claims review process the edit check worksheet was completed. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served did not exceed the number of valid applications on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal and free milk policy is uniformly administered throughout the school system. The required verification procedures for free and reduced price applications was completed and available for review.

Cash receipts and bank records were reviewed for timely deposit.

Expenditures were separately recorded as food, labor and other costs. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

School Food Service (Continued)

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the non-profit status of the school food service. Net cash resources did not exceed three months average expenditures.

Food Distribution Program commodities were received and a separate inventory was maintained on a first-in, first-out basis.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled Enterprise Funds.

The District contracted with Sodexo Management, Inc. to manage the operations of the school food services and deposited funds in accordance with applicable state statutes. Provisions of the food service management company (FSMC) contract were reviewed. The FSMC contract includes an operating results provision which guarantees that the food service program will have a profit of at least \$33,478. The operating results provision has been met.

Community School/Adult Education Program

The financial records of the Community School/Adult Education Program were maintained in good condition.

Cash receipts and bank records were reviewed for timely deposit.

Student Activity and Athletic Accounts

The Board has a policy, which clearly established the regulation of student activity funds.

Cash receipts and disbursements records for various other schools were maintained in good condition.

- **Finding** – Our audit of the student athletic account revealed that check request forms did not have approval signatures and that blank checks were signed in advance.

Recommendation – Athletic account check request forms contain the required approval signatures prior to the issuance of a check. In addition, the practice of signing blank checks be discontinued.

- **Finding** – Our audit of the student activity accounts revealed the following:
 - Pre-numbered receipt tickets were not always issued for monies collected in the Bryant, Thomas Jefferson and music accounts.
 - Supporting documentation was not available for certain checks issued in the High School account.

Recommendation – Pre-numbered receipt tickets be issued for all monies collected in the student activity accounts. In addition, supporting documentation be attached to all check requests prior to checks being issued from the student activity accounts.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2014 Application for State School Aid (A.S.S.A.), for on-roll, private schools for the handicapped, related services, bilingual students and low-income. We also performed a review of the district procedures related to its completion. The information on the A.S.S.A. was compared to the district workpapers with immaterial exceptions noted. The information that was included on the workpapers was verified with immaterial exceptions noted. The results of our procedures are presented in the Schedule of Audited Enrollments.

The district maintained workpapers on the prescribed state forms or their equivalent.

The district has adequate written procedures for the recording of student enrollment data.

Pupil Transportation

Our audit procedures included a test of on roll status reported in the 2014-15 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with immaterial exceptions noted. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures included a review of transportation related contracts and purchases. Based on our review, the district complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

Our procedures included a review of the SDA grant agreement for consistence with recording SDA revenue, transfer of local funds from the general fund or from the capital reserve account, and awarding of contracts for eligible facilities construction.

Management Suggestions

- Old outstanding checks to be reviewed and cleared of record in all District bank accounts.
- District follow up on submission to the State Division of Pensions the payroll deductions related to the retroactive salary payments.

Follow-up on Prior Year Findings

In accordance with government auditing standards, our procedures included a review of all prior year recommendations.
